

You are going to Krasnoyarsk – to International Summer School!

What things to bring with you?

Here are some suggestions:

Clothes and Shoes

The school will be held from July 18 to 31. Usually, the end of July in Krasnoyarsk is fairly warm, but humid continental climate can make its own changes, so there can be either hot weather up to 35°C or a cold wind with heavy rains:

- Summer comfortable clothes;
- Sports suit;
- Warm clothes in case of cold weather;
- Raincoat;
- Swimming suit – will be a chance to swim!
- Hat from the sun;
- Comfortable shoes;
- Rain boots – in the camp "Polytechnic" can be quite damp after rain.

Personal Care and Medical Supplies

- Necessary personal care;
- Mosquito repellent;
- Sun protection products;
- Towel;
- If you take regular prescription drugs, bring a supply with you for duration of the School. In Russia prescription drugs may be obtained after visiting a doctor.

Electronics and other appliances

- Hair dryer (if necessary);
- Flashlight for night time;

Money

We recommend bringing with you upon arrival 1000-2000 rubles in cash for personal expenses. If you plan to make various purchases bear in mind that: 1 dollar is 65-70 rubles on the basis of the exchange rate (please check before you arrive).
